

Mel Northey Company has been selling affordable decorative street lights for over 31 years.

We are proud to continue our offerings with the latest in new lighting technology at affordable prices.

The new Osram Sylvania 40w LED light assembly can save up to 85% of operating cost as compared to the 175W Metal Halide. Induction lighting has an estimated life up to 100,000 hours with little or no maintenance. Dark sky friendly options are available with all of our energy saving light sources as listed below

Our Grand Series of light posts offer excellent values with very affordable pricing, as shown below.

40W LED - \$499.00

150W INDUCTION - \$299.00

175W METAL HALIDE – Ballast & bulb – \$139.00

150W HIGH PRESSURE SODIUM – Ballast & bulb - \$ 119.00

For detailed information on the new LED and Induction lighting as compared to typical H.I.D. lighting go to our website and compare the different light sources in detail. This can be found under the “Lighting Information” tab on the blue bar.
